Institutional Memberships

This is a joint membership between CoSN and PAECT the PA state chapter of CoSN and PA ISTE/AECT affiliate. The association brings together edtech leaders from the public and private sector to share up-to-date information, leading practices and innovative ideas.

The institutional membership category is available only to organizations such as school districts, educational service agencies, state education agencies, colleges and universities, and non-profit organizations.

Once a school district is a member, organization representatives are eligible for free and premium membership in PAECT. Full access to benefits begins once they create a CoSN membership profile.
